

SUBWAY COLLECTION

The Subway Collection combines two unique lines of ceramic subway tiles in a variety of rich colors and glazes. A Train is a traditional straight-edge ceramic tile, while B Train expands the category with a rustic-body and unfinished edges. Both lines work beautifully when used on their own, or pair perfectly with our most popular stone and glass tile collections.

NOTES

¹ All crackle glazes must be sealed to limit water penetration and tile discoloration. Artistic Tile recommends 3-coats of sealer at the time of installation. Crackle glazes will continue to crackle over time and sealer should be applied every 6-months. Some water-related darkening may still occur.

² Alternate mortar - Mapei Ultraflex or Mapei Type I Mastix (dry areas only)

³ Alternate grout options - Mapei Ultracolor Plus FA or Mapei Keracolor Sanded. Dark or contrasting color grouts are likely to stain crackle glaze tiles.

⁴ A Train Crackle glazes must be sealed - Aquamix Sealer's Choice Gold. Material has protective wax applied to minimize damage in shipping, which is easily removed. If necessary, scrape lightly with a plastic scraper and clean with warm water, glass cleaner or 100% acetone.
